INTENT TO SOLE SOURCE

The South Carolina Department of Health & Environmental Control (DHEC) intends to increase funding on its existing contract with Luminex Corporation for the purchase of Cystic Fibrosis (Newborn Screening) DNA assay kits. The newborn screening program, mandated by Section 44-37-30 of the South Carolina Code of Law, requires the testing of all newborns born in South Carolina for specific metabolic disorders. This increase is needed for the increased volume of testing required by DHEC Public Health Laboratory. The total dollar amount of the increase is \$150,000 for the duration of the contract expiring August 9, 2021.
